Kia ora tatou

Welcome to term 2! I'm pleased to see most students wearing school uniform.

We have started the term running, with lots of exciting programmes underway. There is a definite calmness across the school. This will be the second term that we have been participating in "Pause Breathe Smile Programme", teaching breathing strategies, that are not only good for relaxation, but also for helping students regulate their behaviour.

Please be aware that when students are leaving the school grounds in the afternoon, they are expected to use crossing points. Please encourage your students to use these points for their own safety.

It is great to see Cobden Students taking on leadership roles - in Sports teams, with behaviour initiatives and in class activities.

Connected to Wellness Journey

Cobden school has partnered with the West Coast Primary Health organisation [WCPHO] Green Prescription team to run an active families programme which we have named "Connected to Wellness Journey". This programme starts Monday 17th May, and during this programme, we are asking the students and their families to encourage and support each other to increase their physical activity and support healthy nutrition. We have been working on an active passport that each student will have access to. This "passport" is filled with fun activities that nurture and support a healthy lifestyle. Doing these activities will earn the children "banker dollars" which they can then use toward items in the school shop, as well as some additional prizes that we have had donated by local business and the WCPHO. More information and details of how the programme will work will follow soon. Good luck!

Tuesdays from May 11th
Juniors Ages 8-15 3.30 pm
Intermediate Age 16+ 5 pm

At SuperBrain Studios lessons encompass everything theatre from Lighting/Sound, costuming, makeup, direction, production and becoming a well-rounded actor/singer/performer with a focus on "Modern Musical Theatre".

We will take students through all aspects of theatre, how to understand a show from tech to performance and portray the emotion intended by the creator of the piece, giving our students an all-encompassing knowledge of the industry from those in it and everything they need to know to become a skilled theatre professional!
